After the motion for a new trial had been overruled a motion was filed to arrest judgment. In the motion to arrest judgment the affidavit on which Clevenger was tried was attacked. The motion alleged that the affidavit did not allege that Clevenger sold without a license. Judge Sparks overruled this motion on two theories.

He first held that the affidavit could not be attacked at this time because no motion to quash had been filed before the trial started. The second theory was that the court had judicial knowledge of the fact that Clevenger could not have a Continued on Page 8.

Mayor Issues A Proclamation Fixing Next Week For Clean Up

Mayor C. L. Bebout has issued the following proclamation fixing next week for the annual clean-up in

The City of Rushville, acting together with other agencies has designated the first week in May, the first to the fifth inclusive, as "Clean Up" week for Rushville.

During this week every citizen of Rushville should make an effort to clean up his house and property so as to avoid fire risk, to clean up his front yard and back yard, to paint his premises if necessary, to abolish all places that might breed flies and mosquitoes, to eliminate dandelions and weeds, and to help clean up vacant

Citizens should not put their rubbish on the sidewalk or in the street, but in some kind of a receptacle-a box, can, or bag, and placed in the alley. The street department will have added help and men and teams will collect all such. If all refuse is placed in such a manner so that it can be easily loaded and carted away, Rushwill will be readily cleaned.

COURTERIO O

Neither ashes or dead limbs will be hauled away.

This is an opportunity for every citizen not only to show his personal pride, but also his civic pride. Rushville is known as the city of homes, and we all should endeavor to make it such. No city is attractive if it is dirty and littered up. All should be willing to co-operate in cleaning up not only their own premises, but in helping to clean up the premises of others where help is necessary.

Let us all work together to clean up and paint up Rushville the first week of May, and then keep it up that way through the entire year and for many years to come. Let us plant grass and flowers. Let us make Rushville not only clean but beautiful. The result will be a cleaner. healthier, happier and more attractive city.

Members of the city board of health will inspect the city after "Clean Up" week to make sure that the city has really been cleaned. All unsanitary conditions will be noted and the owners compelled to correct

MORTGAGE EXEMPTIONS, TOO

With only one week remaining to pay the spring installment of taxes, the outlook at the treasurer's office this morning was anything but en couraging. The office force had expected a busy day last Saturday, but the collections fell short and the amount was a little over \$10,000. The final week will see the treasurer's office a busy place if all of the spring installment is to be collected.

The office will be open at nights until nine o'clock, Thursday, Friday, Saturday and next Monday, the last day. The office will close at five o'clock in the afternoon and will again be open at seven o'clock. This is for the benefit of the city people.

This is also the final week for filing mortgage exemptions. The last day is next Saturday. The filing of the exemptions means a saving of money, but thus far the number tak ing advantage of the law is not as great as in former years.

Washington, April 24.—Official information reaching Washington indicates German officials do not want break with America. But it also reveals that they are in a quandary how to reconcile America's demands and the popular desire in Germany

The United Press learned these facts today from a high official source. The advice forwarded from Berlin were described as squaring with the United Press interview with Admiral von Holtzendorff, chief of the German admiralty staff, who said Germany could make no more concessions to America but that Germany positively did not want a break with the United States.

Authorities here think German officialdom will find a way in which to make concessions.

"All works of taste must bear a price in proportion to the skill, time, expense and risk in attending their invention and manufacture." "These things called dear are, when justly estimated, the cheapest; they are attended with much less profit to the artist than those which everybody calls cheap."

"A composition for cheapness and not for excellence of workmanship, is the most frequent and certain cause for decay and destruction of arts and manufactures." The foregoing from Rushkin aptly describes our readyto wear policy. It is a simple matter to obtain cheap goods for you, but quite another to obtain those noted for excellence or workmanship. Merely cheap goods do not appeal to you. But good goods conservatively priced, will please you and it is this class of goods we have on display.

From Zeppelins by Burying it in Ground.

FOUND BY FRENCH SOLDIERS

(By United Press.) Athens, Greece, April 1.—(By Mail)-With gasoline worth its weight in gold, this story of what a Greek dealer did with 7,000 gallons of the priceless juice, is of interest to American automobile owners. A squad of French soldiers with shovels, guided by an excited secret service man, dug violently in a field in the outskirts of Salonica last night until their shovels rang upon huge steel tanks. The thing had all the earmarks of a submarine plot; the burial treasure consisted of 7,000 gallons of gasoline.

Later in the evening an excited oil dealer of unquestioned standing and much wealth rushed into headquarters and informed Capt. Mathieu, of | 8 Gen. Sarrail's staff that he owned 2 the gasoline and had buried it to save it from a Zeppelin bomb.

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenamelled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

[®] Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set -and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your

teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Sentanel Remedies Company 503 Union Central Building, Cincinnati, Ohio.

The fight of Martin Clevenger to escape the penalty inflicted by a jury in circuit court failed and he was taken to the penal farm this afternoon by Sheriff Cavitt. The sentence was pronounced by Judge Sparks following the overruling of motions for a new trial and to arrest judg-

The sentence of the jury was \$100 fine and 135 days in jail. Judge Sparks sentenced Clevenger to the penal farm. Clevenger did not pay his fine, but this can be done later, althought it is not expected. In case the fine is not paid he must also serve out the costs, which amounted 383 days.

Mayor Issues A Proclamation Fixing Next Week For Clean Up

Mayor C. L. Bebout has issued the following proclamation fixing next

The City of Rushville, acting together with other agencies has designated the first week in May, the first to the fifth inclusive, as "Clean Up" week for Rushville.

During this week every eitizen of Rushville should make an effort to clean up his house and property so as to avoid fire risk, to clean up his front yard and back yard, to paint his premises if necessary, to abolish all places that might breed flies and mosquitoes, to eliminate dandelions and weeds, and to help clean up vacant lots.

Citizens should not put their rubbish on the sidewalk or in the street, but in some kind of a receptacle-a box. can, or bag, and placed in the alley. The street department will have added help and men and teams will collect all such. If all refuse is placed in such a manner so that it can be easily loaded and carted away, Rushwill will be readily cleaned.

Neither ashes or dead limbs will be hauled away.

This is an opportunity for every citizen not only to show his personal pride, but also his civic pride. Rushville is known as the city of homes, and we all should endeavor to make it such. No city is attractive if it is dirty and littered up. All should be willing to co-operate in cleaning up not only their own premises, but in helping to clean up the premises of others where help is necessary.

Let us all work together to clean up and paint up Rushville the first week of May, and then keep it up that way through the entire year and for many years to come. Let us plant grass and flowers. Let us make Rushville not only clean but beautiful. The result will be a cleaner, healthier, happier and more attractive city.

Members of the city board of health will inspect the city after "Clean Up" week to make sure that the city has really been cleaned. All unsanitary conditions will be noted and the owners compelled to correct

MORTGAGE EXEMPTIONS, TOO

With only one week remaining to ony the spring installment of taxes, the outlook at the treasurer's office this morning was anything but encouraging. The office force had expected a busy day last Saturday, but the collections fell short and the amount was a little over \$10,000. The final week will see the treasurer's office a busy place if all of the spring installment is to be collected.

The office will be open at nights ıntil nine o'elock, Thursday, Friday, Saturday and next Monday, the last day. The office will close at five o'clock in the afternoon and will again be open at seven o'clock. This is for the benefit of the city people.

This is also the final week for filing mortgage exemptions. The last day is next Saturday. The filing of the exemptions means a saving of money, but thus far the number taking advantage of the law is not as great as in former years.

Daniel W. Voorhees, familiarly known as the "tall giant of the Wabash," was born in Butler county. Ohio, September 26, 1827. When he was but two months old his parents moved to Fountain County, Ind. After receiving a common school education, he entered Asbury University and was graduated in 1849. He was the recognized leader of the students orators and debators.

Voorhees was in 1852 invited by ex Senator Honnegan to enter a law partnership with him and the following year, Governor Wright appointed him state attorney for his circuit. Removing to Terre Haute in 1857 he was appointed United States district attorney for Indiana by President Buchanan.

He was soon recognized as the leading criminal lawyer of the west and in 1859 was employed to defend Colonel Cook who had been ar rested with John Brown in the raid on Harpers Ferry. His speech on that occasion is said to have been theg reatest ever delivered to an American jury. It was published in several languages and was read in many foreign countries. He at once became a national figure.

EASTER CANTATA WINS MUCH PRAISE

Music by First Presbyterian Church **Choir Sunday Night Brings** Message of Season

IN AN APPROPRIATE SETTING

The Easter cantata, "Light Out of Darkness," which was given by the choir of the First Presbyterian church Sunday night, brought forth much favorable comment from the large crowd that attended. The cantata brought the message of the season in most appropriate fashion and was a most creditable work by the choir. It revealed long and careful preparation to make it a success. Especially worthy of praise was the duet, "After the Sorrow and Weep-(ing," by Miss Norma Smith and Miss Carrie Kitchen.

The choir was in a beautiful setting of green and white on the rostrum. Easter lillies and an immense amount of greenery was used to bring the spirit of Easter. The color scheme of green and white was also used in the programs.

Between the first and second part of the cantata, Dr. D. Ira Lambert made a short talk.

The annual Easter services of the Youthful Old, Men at City Colony Will Take Part in Field and Track Meet.

Three Score Year Will Not Mean Handicap to Them-Other Sports on List..

(By United Press.)

New York, April 24.—Down at the York Farm Colony, on Staten Island, today many of those "young fellers," of sixty or more, will throw their crutches away and kick up their heels in carnival.

Joseph D. Flick, superintendent, has arranged a three days' festival, beginning today for the 1,314 inmates, who work with the officers to make the institution practically selfsupporting. Plans for the youthful old men's gambol have been approved by John A. Kingsbury, Commissioner of Charities, who agrees that boys will be boys regardless of the three-score-year handicap.

Among the more strenuous athletic events will be the fifty-yard dash for "boys" sixty years young and over; bag race, potato race, shoe race, three-leg race, crutch race, fat men's race and a twenty-yard walk for cripples.

For the aged youngsters on whom the burden of years rests heavily there will be other contests of a non-athletic character. Prizes will be awarded for the best personal appearance, the best school garden (of which there are ninety-five), for the cleanest kept bed, for the most efficient work in 'tending hogs and for the best work in cleaning up the premises for spring.

"Then, we have found that some of the men can sing," Mr. Flick added with a chuckle. "So we include in the awards prizes for the best rendition of Irish, Scotch, German and English songs.

Trial of Taswell Key For Murder Starts at Crawfordsville-Quarrel Over Gravel

(By United Press.)

Crawfordsville, Ind., April 24. Following two postponements, a start was given the trial of Taswell court from Hendricks county.

The state, it was said, would ask the conviction of Key on the allegation that he was an accessory to the killing of Forrest Miller by Erroll Key, son of the defendant. The state will try to prove that the defendant told his son to shoot Miller, and Miller's father, John Miller.

The Millers and the Keys had a fight over the gravel pit which they had leased from another party. Erroll Key, who was found guilty on time, drapping pareels and packing a manslaughter charge and who is serving a term from two to twentyone years in Jeffersonville reformatory, was brought here today to testify for the defense. The trial may last ten days.

for Van Nuys and ended to stating that because he represented several breweries, the Geist interests and several other large corporations he was the logical man to be nominated. Van Nuys branded the letter as a lie and promised prosecution if the originator is located. Local friends of the candidate were very angry after reading the letter and a copy was sent immediately to Van Nuys. His reply was received yesterday and tended to set at rest any fears that might have been entertained as to his writing it. The letter was sent to all the delegates and several other Democrats.

While the local Democrats would like to see B. A. Black land the nomination he seeks, they feel that the odds are too great. Scenes Staged in Neighborhood of Lockerbie Street.

FOR COUNTY CENTENNIALS

James Whitcomb Riley, beloved tation extended him by Governor Ralston at the solicitation of the Indiana Historical Commission and the Interstate Historical Pictures Corporation, to pose for the historical motion pictures now being made for use during the various centennial celebrations. Mr. Riley has been in Florida during the winter and it was thought that he would not return in time to be "filmed" here in Indiana, but he states in his letter to the Governor that he thinks it best to do his "posing" on Hoosier soil.

Mr. Riley will return to Indianapolis May 3 or 4 and the scenes in which he appears will in all probability be staged in the neighborhood of Lockerbie street, where the poet lives, and which he has made known from Atlantic to Pacific because of the mention made of it in his writ-

Although the Hoosier poet has "posed" numerous times for movie men he has never "acted" before the camera and the Indiana historical film will be made all the more valuable through his participation in it.

MYSTERY OF BURIED TANKS UNCOVERED

ranked as great calamities, destroy- Greek Dealer Protected Gasoline From Zeppelins by Burying it in Ground.

FOUND BY FRENCH SOLDIERS

(By United Press.) Athens, Greece, April 1.—(By Mail)—With gasoline worth weight in gold, this story of what a Greek dealer did with 7,000 gallons of the priceless juice, is of interest to American automobile owners. A squad of French soldiers with shovels, guided by an excited secret service man, dug violently in a field in the outskirts of Salonica last night until their shovels rang upon huge steel tanks. The thing had all the earmarks of a submarine plot; the burial treasure consisted of 7,000 gallons of gasoline.

Later in the evening an excited oil dealer of unquestioned standing and much wealth rushed into headquarters and informed Capt. Mathieu, of Gen. Sarrail's staff that he owned the gasoline and had buried it to S save it from a Zeppelin bomb.

The military authorities permitted him to cover the tanks again.
